Class Hierarchy

Classes

- java.lang.Object
    - main.Main _(in 0.1.1, page 3)

0.1. Package main

Package Contents   *Page*

Classes
        This is the Main class of the project.

0.1.1. Class Main

This is the Main class of the project. Its purpose for the moment is to do absolutely nothing but greet us in a wildly sarcastic manner

Declaration

public class Main
extends java.lang.Object

Constructor summary

   Main()

Method summary

   main(String[])

Constructors

- **Main**
  ```
  public Main()
  ```

Methods

- **main**
  ```
  public static void main(java.lang.String[] args)
  ```
